Widely interested in (Macro-)Ecology, Conservation Biology and Sustainability Science with regards to global change. Specialist in data science, remote-sensing analysis and interpreting spatial data. Many years of experience in project management and providing quantitative solutions to environmental problems.

Career history

Paid employment.....

- **International Institute for Applied Systems Analysis (IIASA)** **Laxenburg, Austria**
Postdoctoral Research scholar *April 2019–present*
Developing new global integrated biodiversity, carbon and ecosystem services maps and models using global data aggregation and optimisation routines
- **University of Sussex** **Brighton, UK**
Associate doctoral tutor *January 2017–March 2019*
Assisted in the teaching and marking of biology and geography courses for BSc and MSc students. Led one day intensive workshops in GIS & data analysis for graduate students.
- **Lund university - Centre for Sustainability studies** **Lund, Sweden**
Research assistant *February 2015–September 2015*
Worked for the AGROMES project (funded by the Swedish research council) mapping the environmental, economic, and social tradeoffs of European farming systems across scales. Involved the acquisition, manipulation, analysis and visualisation of economic and environmental data. Collaboration with the University of British Columbia and Sussex University
- **Imperial College London** **London, UK**
External database contractor *October 2014–August 2015*
Developed, implemented and administrated a spatially explicit relational database (PostgreSQL & PostGIS) for the BIOFRAG project. Wrote parsing scripts and SQL queries for database maintenance.
- **University of Copenhagen** **Copenhagen, Denmark**
Laboratory assistant *May 2013–April 2015*
Laboratory and field work as well as statistical analyses in biological pest control (Fruitgrowth, Softpest, INBIOsoil) projects.
- **gaiaac - research institute** **Aachen, Germany**
Research assistant *September 2012–October 2012*
GIS and statistical analyses around the Virtual Forest project and urban ecology. Conducted plant vegetation surveys on windfall calamity areas.

- **Solarenergie-Förderverein Deutschland e.V.** **Aachen, Germany**
Part-time database maintainer *July 2006–May 2013*
 Database maintenance and user support of the largest database for solar panel owners in Germany.

Internships & Volunteer activities.....

- **Helmholtz-Zentrum für Umweltforschung - UFZ** **Leipzig, Germany**
Internship *September 2011–October 2011*
 GIS analyses for habitat connectivity and restoration.
- **SAVE wildlife conservation fund** **Wülfrath, Germany**
Volunteer project leader *May 2011–September 2012*
 Responsible for coordinating social media and stake holder interactions in Cameroon and the USA.
- **University of Marburg** **Bialowieza Forest, Poland**
Volunteer *Spring 2011 & Summer 2012*
 Assistance in ornithological field surveys in temperate forests.
- **NLWKN** **Langeoog, Germany**
Assistant national park ranger *July 2008–June 2009*
 Ornithological surveys & public relation including giving public tours and seminars.

Education

- **PhD in Environmental Sciences** **University of Sussex, UK**
Pass without corrections *September 2015– March 2019*
 Specialising in big data, remote sensing & statistical analyses
- **MSc in Biology** **University of Copenhagen, Denmark**
12 (A) *2013–2015*
 Specialisation in Macroecology & African land systems. Four months of self-organised fieldwork in Tanzania and Kenya
- **BSc in Biology** **University of Marburg, Germany**
1.9 (A) *2009–2012*
 Specialising in Conservation ecology. Six months of fieldwork in east Poland.

Professional skills

Languages: Fluent in German & English, basic literacy in Danish.

General: Very good project- and time-management skills. Experienced in giving presentations, working well solo or in teams.

Statistics: Univariate and multivariate statistics. Time series analyses. Linear optimizations. Good knowledge about applying Bayesian and modern machine learning techniques.

Coding: Proficient in: R, Python, Bash, Javascript, SQL, HTML, CSS, TeX, Learning Julia

Databases: MySQL, PostgreSQL, PostGIS, SQLite, Microsoft Access.

General computer skills: Broad Linux & Microsoft Windows knowledge. Most existing GIS software. Comfortable with big data. Cloud computing knowledge (Google Cloud, Google Earth Engine, AWS). Excellent command of Microsoft Office.

Publications

Peer reviewed.....

Academic service

2019 - present **Associate Editor** for Diversity and Distributions.

Reviewer for multiple academic journals in Ecology, Environmental Science and Remote Sensing.
See [here](#) for (incomplete) list.

Teaching experience

2018 - QGIS workshop for postgraduates - University of Sussex, UK

2018 - Introduction to Geographical Information systems - University of Sussex, UK

2017 - Tutor on R course for PhD, MSc and BSc students - R4ALL, UK

2016-19 - Introduction to Ecology and Conservation - University of Sussex, UK

2015 - Tutoring on Workshop "Landscape Ecology analysis in QGIS" - University of Lund, Sweden

2014 - Workshop "Vegetation from space and from the ground" - African Insect Science for Food and Health (ICIPE), Kenya

2013 - Workshop "Landscape Ecology analysis in QGIS" - University of Lund, Sweden

Professional development

2017 - Two weeks summer school on synthesising and modelling biodiversity data - iDiv, Germany

2016 - Multiple training courses on academic writing, teaching and entrepreneurial thinking and policy impact - University of Sussex Doctoral school, UK

Successful Grants and awards

2018 - Doctoral festival - runner up research image prize in the category science. Volume 120 £ (140 €)

2015 - University of Sussex Researcher led initiative fund for setting up a quantitative analysis group - Volume: 1000 £ (1416 €)

2015-2019 - University of Sussex school of life sciences PhD funding grant - Volume: 14.057 £ (19910 €) annually

2014 - DANIDA Travel Grant (No. A26811) in support of conducting fieldwork in Kenya and Tanzania - Volume: 13000 DKK (1700 €)

2013-2014 - Monthly scholarship from the Danish ministry of Higher Education and Science - Volume: 5753 DKK (770 €) monthly

2013 - Grant to extent the functionality of my QGIS plugin LecoS from the Universidade de Évora, Departamento de Biologia, Unidade de Biologia da Conservação - Volume: 250 €
